Nairobi, Kenya

Professional Summary

I'm a dedicated full-stack developer with a strong foundation in front and backend technologies, focused on creating seamless, responsive web applications and delivering intuitive user experiences throughout the development lifecycle.

Work Experience

CodeAlpha

Frontend developer intern

Remote

AUG 2024 - OCT 2024

- Utilized HTML, CSS, and JavaScript to create visually appealing and responsive web pages that met client requirements.
- Coded using HTML, CSS and JavaScript to develop features for both mobile and desktop platforms
- Worked closely with UX/UI designers to translate their designs into functional web applications
- Utilized version control systems such as Git to track changes throughout the development process.

K-UNITY SACCO

Information Technology Intern

Kiambu, Kenya

March 2022-Aug 2022

- Provided technical support by troubleshooting hardware, software, and network connectivity issues.
- Maintained and updated systems, performing regular backups and system checks.
- Installed and configured software and devices to ensure proper functionality.
- Assisted with network management, monitoring infrastructure, and addressing connectivity issues.
- Updated and created documentation for IT procedures and system configurations.
- Managed databases by performing data entry, cleanup, and migrations.
- Supported cybersecurity efforts by monitoring threats, updating antivirus software, and conducting vulnerability assessments.
